Cycling Code of Conduct

Important Notice - Wildlife Habitat

In many areas of Swinley Forest, and other areas where we regularly ride, sightings of heathland birds such as the Nightjar, Woodlark and Dartford Warbler have been recorded by English Nature (now called Natural England. See www.naturalengland.org.uk).

Riders are requested to avoid potential nesting sites during the breeding season from February through to September.

Potential nesting sites are areas of recently felled plantation for up to 5 years. Natural open heath land supporting heather should also be avoided.

Please respect the sensitivity of these areas by staying on established paths and keeping noise to a minimum.

Rules and Conditions of Membership

- CTC rules of conduct apply as well as the Cycling Code of Conduct.
- Helmets **must** be worn on all rides, and **must** be fitted and adjusted correctly.
- Bikes must be suitable for the ride and properly maintained.
- Riders are requested not to join rides that are beyond their level of ability and endurance. Members are responsible for their own personal safety whilst on Club rides. The Club or its officers cannot be held responsible for personal injury, loss or damage to the property of any member. Members have a duty of care to others and property.
- The Club reserves the right to withdraw membership of any member who behaves in a manner that may bring the Club or the sport into disrepute.
- Mountain biking is a potentially hazardous and strenuous sport. You are a member of **BOB** because you are an enthusiast but do not ride beyond your level of ability and endurance. Come equipped with suitable clothing, spares, refreshment and, if possible, a mobile phone. Also bring a telephone contact list and some money for emergencies.
- The CTC rules require us to have a list of 'Leaders' and this is kept by the Committee. Every official Club ride should have a leader. If there is no leader on any part of the ride it is then deemed to be an unofficial ride.
- A toolkit/spares should always be carried and include, as a minimum: inner tube(s) and puncture repair kit, tyre levers, pump, brake pads, allen keys and spanners or multi-tool, a gear cable (inner), chain link extractor, a few spare joining links to suit your chain and a few cable ties. In the darker months you should also carry 'get-home' lights – front and rear.
- It is each member's responsibility to carry any medication needed for any condition (diabetes, asthma etc.) and you should inform fellow riders of special assistance that may be required.
- The minimum age for an individual member is 16 years. Family and Junior members under 18 years must be supervised on Club rides by a parent or recognised guardian over 18 years of age.
- All members are encouraged to have an "I.C.E." telephone number programmed into their mobile phones. (I.C.E. = "In Case of Emergency")
